Almost 100 years ago

KLUDI began manufacturing bathroom fittings using traditional methods of craftsmanship. Followed by high-quality, reliable fixtures of timeless design, this expertise formed the foundation of KLUDI. From the tradition as a faucet specialist, the goal was created to combine the highest quality of use and perfect design in a unique way. Thus the claim Water in Perfection finds unmistakable expression in our products as well as in all services we provide for our customers.

It inspires and drives

our future activities.

KLUDI is a specialised and leading manufacturer of premium bathroom and kitchen fittings characterised by discerning quality, high functionality and distinguished design.

Our brand assortment is categorized in 3 product segments:

KLUDI Bathroom Fittings

Outstanding design and great innovation – KLUDI Smart Luxury epitomises top-class bathroom fittings uniquely expressed in inspiring style collections.

Premium quality in a powerful yet elegant design – KLUDI Pure Function epitomises the perfect holistic combination of form and function that blends in with every bathroom style.

KLUDI Kitchen Competence

KLUDI has mastered the fine art of identifying personal and spatial requirements and transforming them into unique products. Perhaps more than any other, the KLUDI brand epitomises outstanding expertise in design and function for kitchen fittings, as well as innovative functions that take award-winning forms.

KLUDI Shower Dreams

An experience that refreshes all of the senses and also gives a moment of relaxation – KLUDI shower systems and shower heads are thought out to the very last detail. They offer modern features that turn every product into a technical masterpiece – to make your dream shower a reality.

Water in a perfect flow.
Let yourself be touched anew every
day. And feel the soft freshness of
water in perfection.

KLUDI MehrWert

The exceptional customer value of our products is based on five core principles, which we call KLUDI **MehrWert**.

Wert
Arbeit

The careful selection of all materials used and their precise combination guarantee perfect functionality and value retention.

Detail
Liebe

Attention to even the smallest details makes each KLUDI fitting special and a perfect holistic combination of form and function.

Herz
Stück ♥

The KLUDI quality cartridge is the heart of our fittings. It is concealed and provides a unique user experience every time it is used.

Frei
Raum

Every KLUDI fitting developed takes practical use into account in its product design. This maximises its versatility.

Glanz
Voll

Precision finishing and careful polishing in the preliminary stages of manufacturing are the basis for lasting gloss and flawless surfaces of all KLUDI fittings.

KLUDI Expertise

Variety for more versatility

Every person, every space and every bathroom is different. KLUDI provides more versatility in any bathroom area. Optimum variety and space-saving solutions meet all your needs – whether they are of a personal or spatial nature.

KLUDI FreiRaum means:

- Washbasin fittings in various heights and sizes.
- Innovative, space-saving technology in concealed bath and shower fittings.
- Advantageous cartridge placement in surface-mounted bath and shower fittings so more space can be saved when installed.

The cartridge is the heart of the fitting

It distinguishes the quality of a fitting and makes it unique. KLUDI cartridges meet the highest quality standards, resting on decades of expertise.

KLUDI HerzStück♥ means:

- Cartridges with a longer lifespan.
- Cartridges are optimised for especially quiet, perfect flow.
- Cartridges are available as easily-exchangeable replacement parts, for the rare chance you will need one.

Shining quality of KLUDI chrome

The surface of a fitting has to endure a lot. Chrome plating provides an elegant shine, protects the fitting and makes it resistant to corrosion and other influences. Chrome-plated surfaces are also hygienic and easy to clean.

KLUDI GlanzVoll means:

- Superb chrome quality, guaranteed by KLUDI.
- Long-lasting beautiful and radiant appearance.
- Easy to maintain, high-quality chrome surfaces.

The art of function lies in the details

Attention to even the smallest details makes each KLUDI fitting a perfect holistic combination of form and function. Fittings, which are economical in consumption and perfected in their operation, make users happy and make the bathroom a place you can love.

KLUDI DetailLiebe means:

- Perfect harmony of form and function: The ideal operation of a fitting is neither too easy nor too difficult, and becomes especially comfortable through the optimal interaction of the lever length and cartridge.
- The water flow of all bath and shower fittings is automatically set to “fill bathtub”. When the hand shower is needed, it can be switched on manually.

Perfect functionality and value retention

The long lifespan of a fitting proves its high quality. An important foundation for this quality is the selection of materials used and their precise combination. Whether its brass or plastic – all materials are of the highest quality.

KLUDI WertArbeit means:

- Precise machining of all individual components, which work together to make the perfect fitting.
- Use of special corrosion-resistant brass and premium-quality plastic, both of which meet the high requirements of the Drinking Water Ordinance.

Energy conservation, perfected

KLUDI offers fittings with exceptional features designed for water and energy conservation.

- With the “EcoPlus” single-lever washbasin mixer, KLUDI Pure&Easy offers an especially efficient solution for water and energy conservation. The idea: Cold water flows when the lever is in the centre position. The lever can be moved to the left for warm water.
- An innovative technology in the KLUDI Eco aerators reduces water flow in the single-lever washbasin mixer by 50%.

Pure Function

A unique concept that unites three styles of fittings

KLUDI Pure Function represents powerful and elegant design, which fulfils the highest quality requirements and still remains affordable. This unique combination of design and quality is a typical example of “true” KLUDI WertArbeit.

The three lines KLUDI Pure&Easy, KLUDI Pure&Solid and KLUDI Pure&Style embody the Pure Function concept with their specific designs. This concept offers innovative and sophisticated solutions. Pure Function blends in with almost every interior decoration style – making it easier to plan better bathroom projects.

KLUDI Pure&Easy
Smart

Open-minded people who lead a modern lifestyle and also appreciate it in the bathroom setting are fond of the refreshing airiness of KLUDI Pure&Easy. The fittings are characterised by an expressive, dynamic look. With surface finish in dazzling chrome or cool white, KLUDI Pure&Easy is a minimalist highlight that is perfectly in vogue.

KLUDI Pure&Solid
Enduring

The KLUDI Pure&Solid line attracts people who have their feet firmly on the ground and set store by reliable, solid quality. The classic, timeless design of KLUDI Pure&Solid balances elegance with most furnishing styles – whether modern or conventional. With their ergonomic considerations, the fittings prove themselves as solid workpieces of the highest manufacturing quality.

KLUDI Pure&Style
Elegant

Design-oriented people who have a preference for soft, pure and modern style go for the elegant KLUDI Pure&Style. The fitting line's straightforward styling meets exacting design standards – combined with perfect functionality. Gentle curves and clear lines create design freedom in modern bathrooms for modern families.

KLUDI Pure&Easy
Smart

KLUDI Pure&Easy

Start the day effortlessly

KLUDI Pure&Easy represents a reduced design that can be seamlessly integrated into modern bathroom style. This versatility is what makes the fittings so well-liked.

An expressive feature of KLUDI Pure&Easy: The dynamic angle of the fitting gives the design its fresh and light character.

Appealing airiness. The dynamic angle of the fitting gives the design its fresh and light character.

Pure white symbolises classy restraint. The white surface looks particularly elegant in bright bathrooms.

“Fashionable and straightforward
– just how we like it.”

Impressive quality. The line of fittings impresses users afresh every day. It is top-class quality that is clear and evident every day. It's great to have something you can rely on.

KLUDI Pure&Easy

Pure freshness that brings joy

Efficiency with EcoPlus cartridges

The highly efficient wash-basin fitting with EcoPlus technology conserves water and energy by reducing warm-water consumption.

The showering experience with KLUDI FreiRaum

The minimal space requirements of the concealed and surface-mounted fittings mean more space, even in small showers and bathtubs.

Children simply love it

Clear red and blue markings help the little ones learn to use water properly.

Dazzling performance

The angled design combined with the KLUDI GlanzVoll surface makes Pure&Easy so easy to care for and gives it a brilliant look.

Open-minded people who lead a modern lifestyle and also appreciate it in the bathroom setting are drawn to the fashionable and expressive KLUDI Pure&Easy.

KLUDI Pure&Solid

Expressive – right from the start

The classic, timeless design of KLUDI Pure&Solid has an expressive character. With their ergonomic considerations, the fittings prove themselves as solid workpieces of the highest manufacturing quality.

The classic, timeless design balances elegance with most furnishing styles – whether modern or conventional.

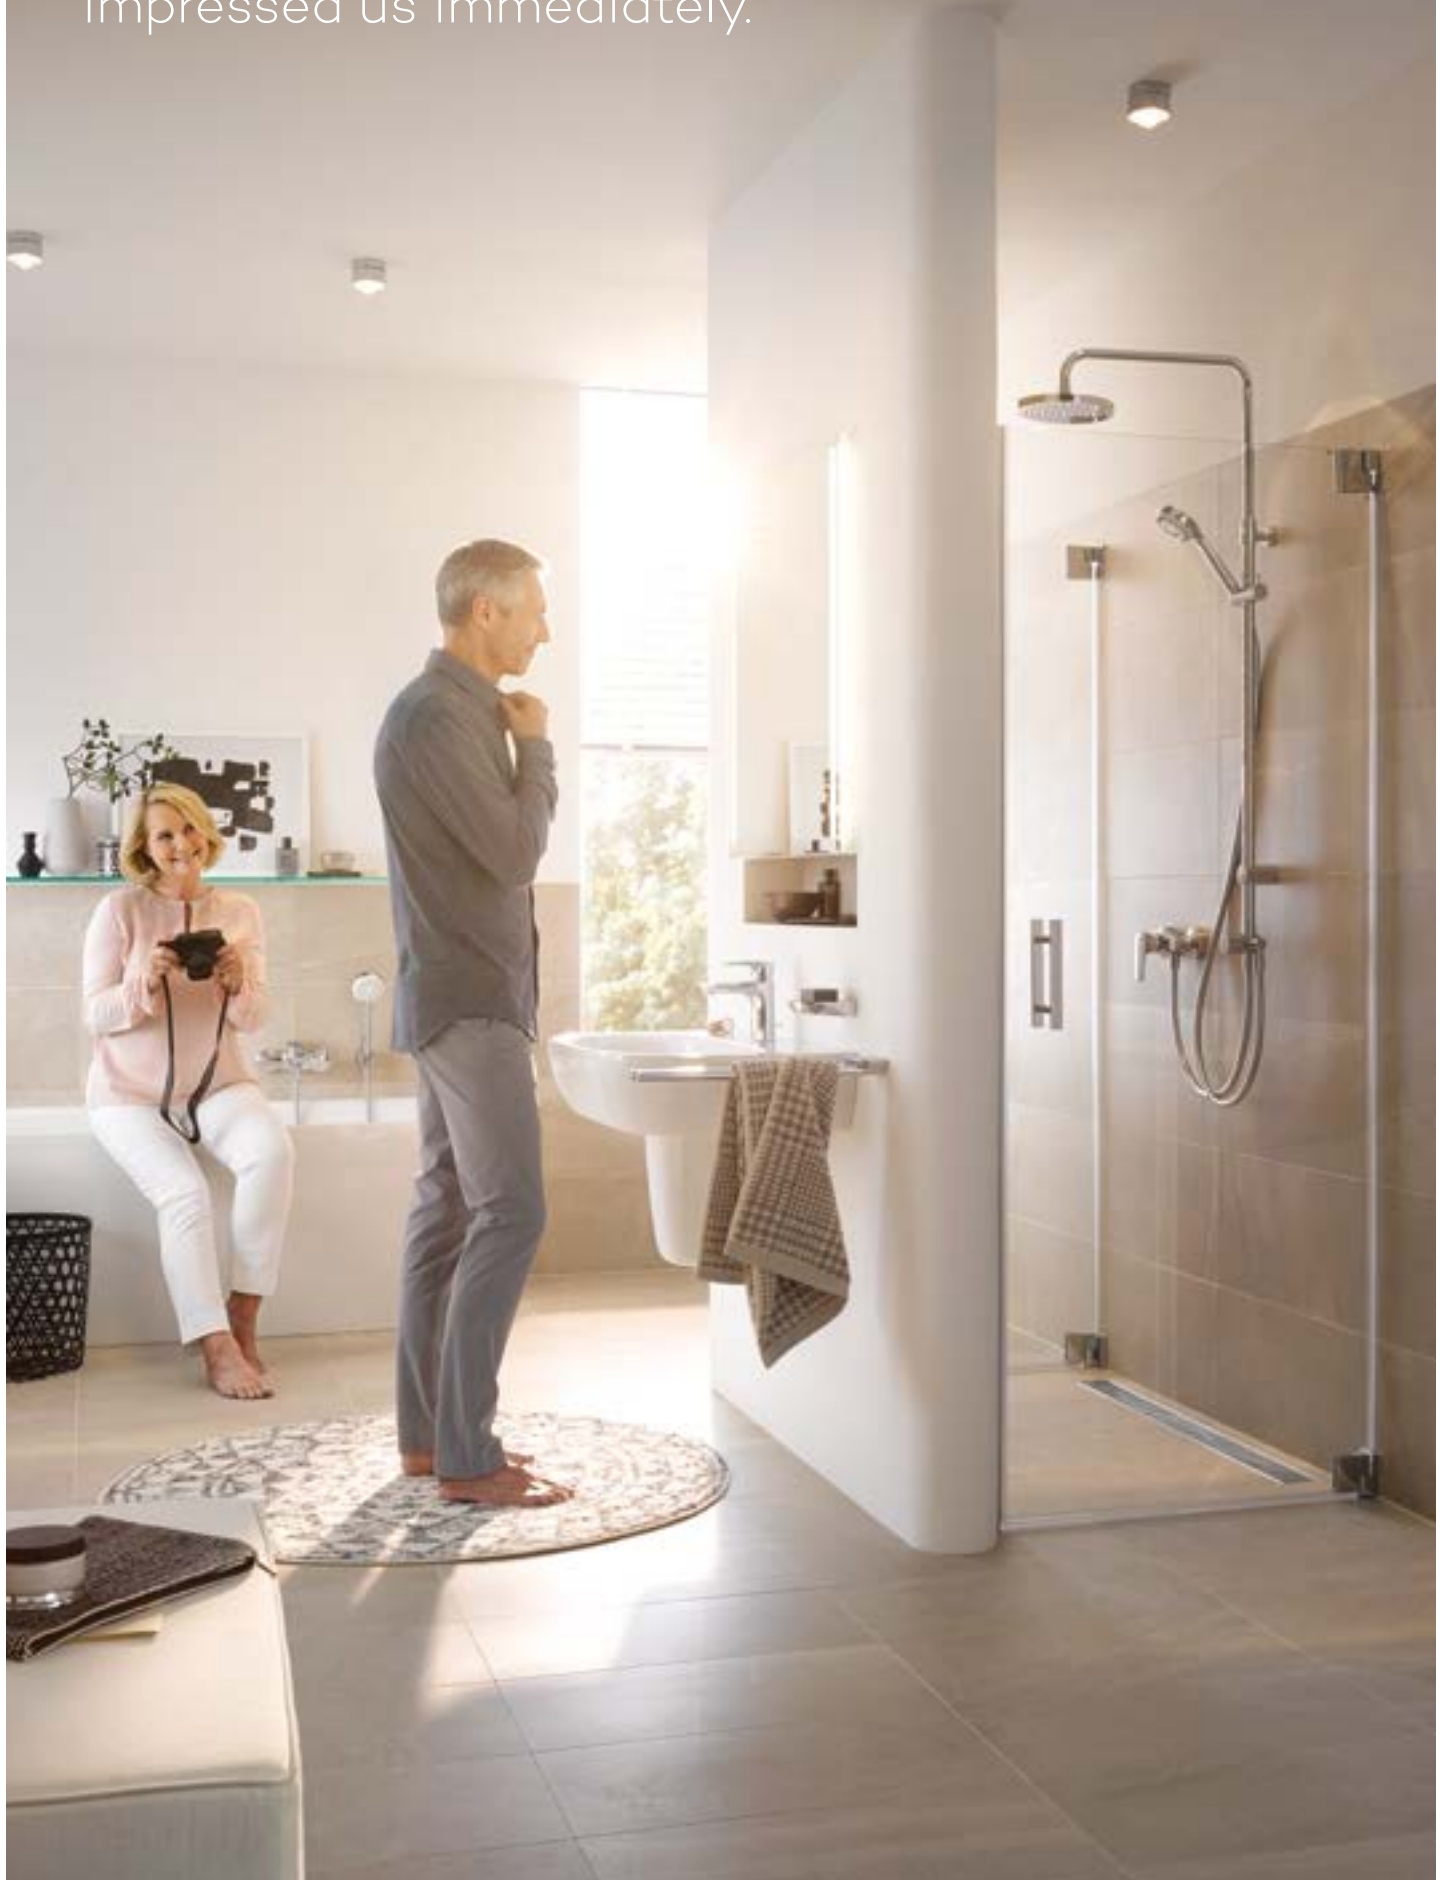

Strong personality. KLUDI Pure&Solid can be combined with angular and round shapes in a bathroom setting.

Economical and easy to maintain. The subtly integrated aerator is reliably resistant to limescale and saves water.

“The high quality
and expressive character
impressed us immediately.”

Perfect quality workmanship. Manufacturing specialised in fittings and rich in tradition means the highest quality standards in workmanship.

KLUDI Pure&Solid

Solid quality for every day

Sturdy character – Solid workmanship

The high-quality materials of the fittings and their solid workmanship give users a great feeling and confirm they have made the right decision.

Ergonomically sophisticated

The design and ergonomics of KLUDI Pure&Solid go hand in hand. The perfectly designed lever ensures easy and comfortable operation.

More freedom – more individuality

KLUDI FreiRaum creates space in bathrooms: The fitting angled towards the side of the bathtub makes it easier to top up a bath with hot water.

KLUDI HerzStück ♥ makes the difference

The KLUDI quality cartridge promises continuously silent and even water flow. Another advantage: It can even be replaced.

KLUDI Pure&Solid attracts people who have their feet firmly on the ground and set store by a reliable, solid quality.
