THREE GREAT REASONS TO MEET THE NEW KLUDI

For the first time ever, KLUDI is present at Cersaie. Cersaie is the ideal opportunity to inaugurate KLUDI's new design language, particularly evident in the three new collections previewed on this prestigious international stage: KLUDI-DECUS, KLUDI-SOUNA, KLUDI-RENON. For 40 years, Cersaie has been the beating heart of an ever-evolving world, where the world's leading manufacturers of surfaces, bathroom furnishings, design and planning meet in a unique commercial hub. Design and technology for architectural design will be the undisputed stars of the exhibiting companies' stands. 5 intense days dedicated to professionals from all over the world, to do business and share innovative ideas. The best place to discover new market trends, get up-to-date and discuss the latest technologies applied to the product.

THAT WILD DESIRE FOR COLORS

Embrace creativity, self-expression and sense of joy, through the use of color. Celebrate your personal visual world and stand out through a strong and decisive statement in a world dominated by neutral tones. KLUDI presents a totally new palette of colors, finishes and materials, that allows your imagination to explore new possibilities. Taps, washbasins, accessories and furniture from the new KLUDI range, interact on a wonderful palette made of imagination and harmony. Don't be afraid to use contrasting colors or unconventional combinations in your bathroom.

KLUDI-TOUCHTRONIC

KLUDI-TOUCHTRONIC, with its ultra-flat, user-friendly operating display, is the sophisticated ultimate in smart living in the shower. KLUDI-TOUCHTRONIC, enable two or three elements in the shower to be controlled digitally by means of a high-quality touch display. Integrating the system into the home wireless network additionally allows it to be controlled using the S-FLOW App, which also offers other useful functions, including heating and consumption statistics. With KLUDI-TOUCHTRONIC you can customize your wellness experience and memorize your shower scenarios up to 3 individual users. Consumption and energy values are displayed in the APP, allowing you to check your energy and water saving, while the smart warm up function, will warm up all the shower outlets to the desired temperature.

KLUDI-PUSHTRONIC

Same as KLUDI-TOUCHTRONIC, KLUDI-PUSHTRONIC enable two or three elements in the shower to be controlled digitally with knobs that can be completely retracted. Integrating the system into the home wireless network additionally allows it to be controlled using the S-FLOW app, which also offers other useful functions, including heating, cleaning rinses and consumption statistics. Its ultra-flat and minimalistic design results in a discreet and stylish solution. Both shower control systems come with their own installation set, which includes a special concealed in-wall installation box with an electronic thermostat unit, WiFi module and connecting cables.

Water Volume

- Push to switch on and off the consumers (e.g. hand shower and overhead shower) - both consumers can also run at the same time
- Endless turning in both directions to regulate the water volume

Water temperature

- Endless rotation in both directions to set the desired temperature

DIGITAL LIFESTYLE FOR THE MODERN BATHROOM

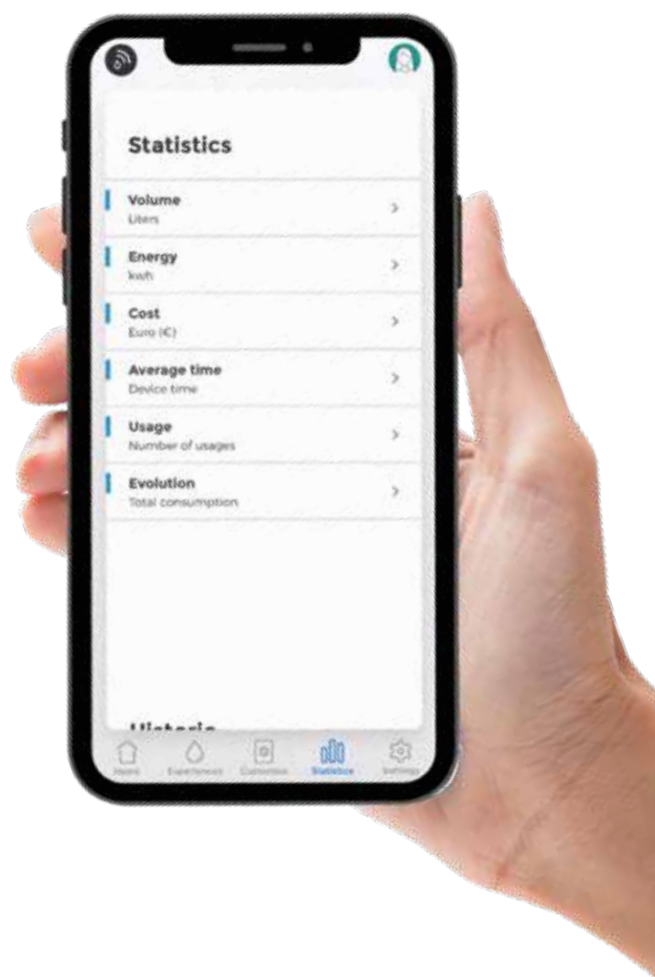

Digitalisation and smart connections are finding their way into more and more areas of our lives. KLUDI-PUSHTRONIC and KLUDI-TOUCHTRONIC now make the shower smart as well.

Download the S-FLOW App, to customize your wellness experience.

What the S-FLOW app can do

- Switch on and off
- Control the water quantity and temperature separately for each element
- Programme up to three individual showering parameters*
- Pre-heat function
- Set the temperature lock
- Configure a child safety lock
- Maintenance functions (e.g. anti-legionella bacteria flushing, cleaning programme)
- Display various consumption values (water volume, energy consumption, etc.)
- Intuitive user interface
- Available free of charge for Android and iOS devices

* Only for KLUDI-TOUCHTRONIC

NOTHING GETS FLATTER THAN THIS

Installing concealed solutions calls for true expertise, as there is a lot to bear in mind here. This is where the KLUDI-SLIM.BOXX comes in, which sets various benchmarks for concealed installations. Slim by name, slim by nature. The ready-to-install sets for the KLUDI-SLIM.BOXX have one of the flattest and smallest rosettes on the market. The slimmed down, particularly installation-friendly depth of just 75mm also allows the box to be fitted in thin drywalls. The single-piece rubber housing can be cut to length without special tools and ensures a perfect seal. Unlike thermoset plastic, which is usually used to make concealed boxes, rubber is not prone to break. Up to seven degrees of rotational offset can be effortlessly compensated for during installation. Entirely bio-based, compostable alternatives to plastic are used for the packaging.

KLUDI-SLIM.BOXX

DIVE INTO INSPIRING SHOWER WORLDS

New types of jets, incredible design ideas, tangible added value – the innovative KLUDI-DIVE shower range offers a one-of-a-kind, all-round wellness experience in the shower. KLUDI-DIVE hand showers redefine showering with the three new Body, Hair and Skin jets. The design incorporates a cleverly positioned chamfer that creates an impressively light and modern look. Available in two sizes: the sDIVE with a 107mm shower head and the xDIVE with a 117mm shower head – with either one or three jets. Stylish head showers in two designs and four new shower systems round off the range, now available also in matt black. Special water-saving options help to conserve water and energy – without sacrificing any comfort and showering pleasure.

WHAT MAKES THE PERFECT HAND SHOWER?

This question was answered by celebrity hairdresser Chris Coenen himself, his team and 100 of his customers during the course of a dynamic test phase. The developers at KLUDI have created the three new types of KLUDI-DIVE jet based on their responses. Concentrically arranged on the spray head of the three-jet hand showers, they can be easily and conveniently switched over with a button.

- BODY**
gentle, full-body, relaxing
- HAIR**
concentrated, more water
pressure, much water
- SKIN**
focused, massaging, revitalising

PERFECTION IS A MATTER OF DETAIL

Bathroom accessories serve not only as functional items but also add to the overall look and feel of the bathroom design. They must be a perfect combination of excellent functionality and modern and flawlessly shaped designs. The KLUDI accessory series, KLUDI-MILO, KLUDI-SIGNA and KLUDI-VELA share these advantages. Each series offers its own distinct modern design language - round, square and soft. This variety allows interior designers to customize the bathroom to the smallest detail, while ensuring compatibility with the complete range of KLUDI fittings.

SMART CONVENIENCE FOR THE KITCHEN

For greater convenience and hygiene: The KLUDI-E-GO VOICE kitchen fitting combines voice control with digital and mechanical operation.

Integrated in the home wireless network, KLUDI-E-GO VOICE can be operated by voice control in interaction with Amazon Alexa or Google Home. That's definitely a neat solution for when you don't have a free hand! The digital lever can also be custom-set with two preset water volumes, which can be selected at the push of a button.

The user-friendly interface of the free app allows you to individually predefine the maximum flow rate on your smartphone or tablet – a practical function for everyone who wants to be careful with their resources. The App also provides information about the water and energy consumption. An aid when working in the kitchen is the pull-out hand spray. Available in classic chrome and in on-trend matt black or white finishes.
